DataSpider Servista

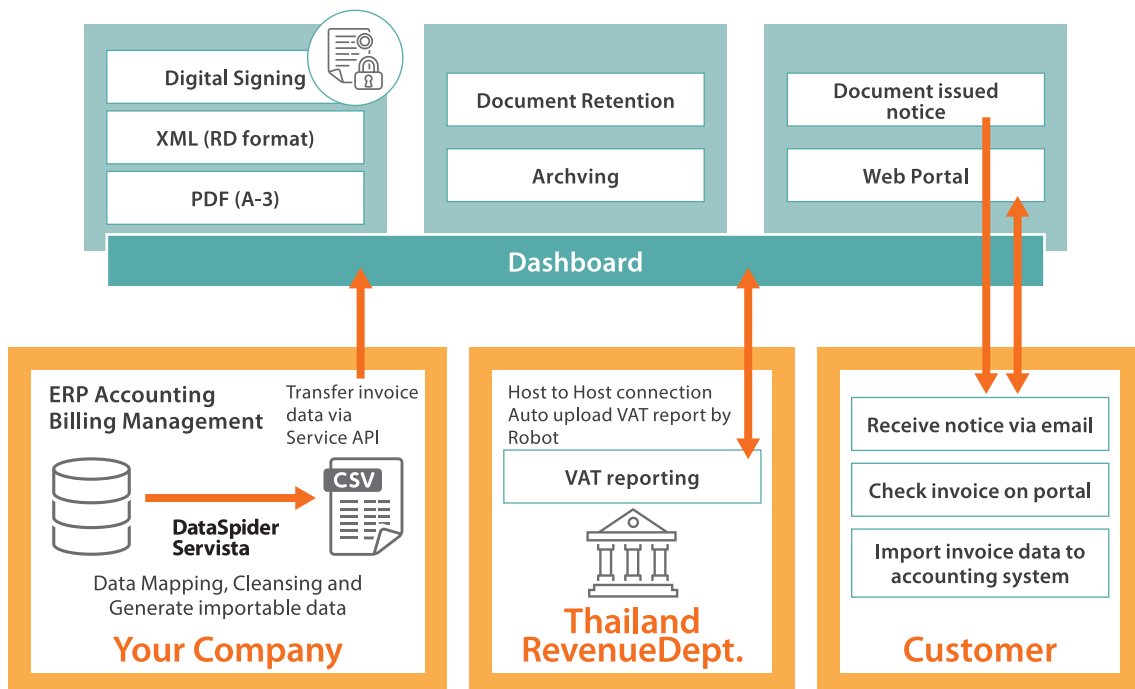

An e-Tax invoice is an invoice, credit note, or debit note provided in electronic format with a digital signature or time stamp under the e-Tax System by email. Similar with the e-Tax invoice, an e-Receipt is a receipt document provided according to the Thai Revenue Code in an electronic format.

Combining e-Tax invoice X with DataSpider Servista (the No. 1 data integration tool in Japan in terms of customer satisfaction for six consecutive years), customer get various benefits on their operations.

1. Reduces redundancy and operational procedures.
2. Saves time and money related to delivering documents.
3. Allows a business to use the information for further processing immediately.
4. Saves space and document storage costs.
5. Is convenient and reduces the time needed to search for documents.
