

## Announcement of Maintenance: HULFT-WebConnect

Dear Customers,

This is to inform our users of the following maintenance operation on HULFT-WebConnect. We apologize for any inconvenience and thank you for your patience and understanding.

### 1. Summary

- The database server certificate will be updated
- The modules of the HULFT-WebConnect server will be upgraded from Ver.2.3.0 to Ver.2.4.0

Note: The modules of Agent and CLI will not be upgraded. The latest versions of Agent and CLI are Ver.2.3.0.

### 2. Schedule

The maintenance time will be extended because upgrading the modules of the HULFT-WebConnect server to Ver.2.4.0 is included in the maintenance contents.

Planned schedule:

From Monday, February 3, 2020 02:00 a.m. to Monday, February 3, 2020 03:00 a.m.  
JST

**New schedule:**

**From Monday, February 3, 2020 02:00 a.m. to Monday, February 3, 2020 03:30 a.m.  
JST**

Note: For maintenance information, refer to the footer of HULFT-WebConnect Management Console linked below.

<https://www.webconnect.hulft.com>

### 3. Scope of impact

During maintenance, delay or instantaneous interruption of displaying the service site will occur.

File transfers might fail because connections to HULFT-WebConnect might be instantaneously disrupted.

Therefore, please refrain from performing a file transfer during the maintenance time.

If the connection with Agent is severed, Agent will attempt to reconnect to HULFT-WebConnect. However, depending on the environment in which Agent was installed, reconnection to HULFT-WebConnect might fail and Agent might be suspended.

After the maintenance, please check the connection status of Agent on the Agent Connection Status screen of HULFT-WebConnect Management Console. If Agent has stopped during the maintenance, please restart Agent.

The completion of maintenance will be notified by displaying the maintenance end time on the footer of HULFT-WebConnect Management Console.
