Above schedule of expiry date may change.
Office notice of expiry date will be announced on our website.
Expiry date of sale is announced at least six months in advance. Expiry date of technical support service will be announced at least twelve months in advance.

Note:
For the product of which function improvement and function addition have been decided not to be implemented in the future, the sale and technical support will be ended regardless of the product life cycle. In such a case, the announcement will be issued in advance.
